

2023 Conference Sponsorship Information

The Association for International Agricultural and Extension Education (AIAEE), established in 1984 as a 501-c3 non-profit organization. The organization is for agricultural and extension educators who share a common goal of strengthening agricultural and extension education programs and institutions worldwide. Your support of AIAEE helps us achieve our mission and offer a meaningful conference. Our goals are to recognize your support in a variety of methods. All sponsors of the 2023 conference will be listed on the AIAEE website for the entire year and perpetually associated to the Conference Site as well as in specific conference sessions and items.

2023 - Guelph, Canada

On behalf of the 2023 Conference Planning Committee, I am excited to invite you to attend the annual conference of the Association for International Agricultural and Extension Education. The School of Environmental Design and Rural Development (SEDRD), University of Guelph, will be hosting the conference in Guelph, Canada, April 26-29, 2023. The theme of "Technology, Pluralism and Inclusiveness in Agriculture, Food, and Environment" speaks to our goal of providing an engaging experience to learn agriculture, food and environment from an international and cross-cultural perspectives. The above short video will give you an idea of opportunities you will have to immerse into the learning experience of Canada's agri-food university campus, and beyond. We are hoping that the diverse ideas and experience that you bring to AIAEE conference will create outstanding opportunities for scholarship, fellowship, and friendship.
